EVENT & PRODUCTION FLOORS

GIVING YOU THE WOW FACTOR_

Established in the UK over 40 years ago, Harlequin is the world leader in advanced technology floors for performing arts, theatres, events and productions.

Harlequin's experience and reputation are founded on the design, manufacture and supply of a range of high quality portable and permanent sprung and vinyl floors, preferred by performers at the world's leading venues.

Harlequin's event and display floors are the industry choice for TV and film production, concerts and tours, product launches, fashion shows, window displays and exhibitions.

Harlequin Hi-Shine

A BRILLIANT CHOICE

Harlequin Hi-Shine is widely used for TV and film production, concerts and tours, product launches, fashion shows, window displays and exhibitions. It is the floor of choice for artists including Little Mix, One Direction, Lady Gaga, Will.i.am and Michael Bublé and has been used on numerous TV shows including The Voice, X Factor and Australia's Got Talent.

A Harlequin Hi-Shine floor is a brilliant choice for any occasion. Harlequin Hi-Shine has a unique high gloss PET display surface which provides a breath-taking reflective finish with excellent scratch-resistance. It is specified for loose-lay installation and rolls out easily on any flat, firm surface.

Harlequin Reversible

MADE TO PERFORM

Launched over four decades ago, Harlequin Reversible is the original double-sided dance and stage floor. It is a hardwearing yet lightweight calendered vinyl that is slip resistant on both sides, so providing two floors in one!

Harlequin Reversible is our most versatile loose-lay floor and it is extremely popular among our broad range of customers across the world. It's ideally laid on any hard, smooth surface and is particularly suited to touring due to ease of handling and portability. Special wear coats on both surfaces make it easy to maintain.

Harlequin Reversible Projection Grey/Black

Harlequin's Reversible Black/Projection Grey vinyl absorbs ambient light and delivers a more vivid projection of images on to the vinyl surface. Contrast ratios are enhanced, ensuring less light bleed and less unwanted reflective light. As the leading product on the market for peak gain measurement, Harlequin's Projection Grey provides higher brightness and a wider viewing angle for audiences, through front projection. This is a practical solution for film, TV and theatre production.
