

## Harlequin Vinyl Storage Cart

**From theatre technicians and touring companies to schools and dance classes held in community halls where vinyl rolls need to be packed away after use.**

The new Harlequin 6-roll vinyl storage cart will provide a welcome solution to the problem of moving or storing rolls of vinyl dance floor.

Harlequin storage carts are very fast to load and unload whilst being easy to manoeuvre with non-marking braked wheels.

Constructed from black scratch resistant, powder-coated steel, the new cart is available in 1.5m wide and 2m wide to accommodate various roll widths.

[www.harlequinfloors.com](http://www.harlequinfloors.com)

Two handles are supplied with each cart to assist with loading and unloading and, when not in use, these locate on the end sections to help manoeuvre the cart itself.

The heavy gauge poles which support the rolls of flooring have special end fittings to locate them securely on the cart and a centre support to prevent bowing of the rolls.

The carts are fitted with four heavy-duty swivel castors; with brakes and non-marking polyamide wheels.

A lockable tool box – ideal for keeping tools for cutting and fitting vinyl floors close to hand.

There are pallet saddles for forklift guidance as the whole unit is designed so it can be lifted.

Simplifying the task of assembly from the supplied flat-pack, which previously required three people, the easy two-stage operation can now be managed by just one.

#### DIMENSIONS

	1.5M WIDE ROLL	2M WIDE ROLL
Overall length	1.84m	2.28m
Overall width	1.1m	1.1m
Overall height (with handle)	1.26m	1.26m
Overall height (without handle)	1.49m	1.49m
Maximum roll diameter	0.37m	0.37m
Unladen weight	181kg	196kg

Harlequin vinyl floor storage carts are recommended for use if you wish to store or move larger, heavier rolls of flooring. For further information please contact our friendly customer services team on **+44(0)1892 514 888**
