

# “What every dancer wishes for”

“The newly renovated Dance Room confirms the school’s pursuit of excellence and passion for the arts. The upgrades of this world-class facility offer what every dancer wishes for in a training and performance area. The shock absorption and slip resistance features of the new Harlequin dance floor encourage and support the fluidity of movement by ensuring safety, boosting the dancer’s confidence and protection against injury. This room is a joy to work in.”

**Yek Barlongay**  
Veteran Dance Teacher ISM

A Harlequin Flexity sprung floor with a Harlequin Cascade performance vinyl surface and floor mounted double Harlequin Ballet Barres were installed at the International School Manila.

# Harlequin Cascade™

**Harlequin Cascade** still delights generations of professional dancers, artistic directors and technical and stage managers as the ultimate heavy-duty dance floor. The silky smooth embossed surface that's often described as giving 'warmth' to a performance, also provides deceptively good grip, as well as a high-quality base for lighting designers.

**Harlequin Cascade** is ideal for ballet, contemporary, modern and theatrical use, as well as aerobics, zumba, hip-hop, jazz, street, salsa, percussive including flamenco, Irish and tap, multi-purpose use, concerts and for operatic performances.

**Harlequin Cascade** is specified for loose-lay or permanent installation within dance institutions, dance studios, schools and theatres and is an excellent choice as the vinyl dance surface in conjunction with a Harlequin sprung floor.
